Line Dancing is a great way to exercise your body and mind while meeting new friends and listening to some great music.

Typically, the first half of the class is for beginners and the second half is for more intermediate dancers but everyone is encouraged to stay for the full class session.

Don't be afraid that you just won't get it. We're here to help you have fun and we're looking for students who aren't afraid to yell out our favorite call, "One More Time".

If you have any class questions or would like to hire us for a private event please contact Joe. See below for his contact info.
